## OVERVIEW

Steel Art Designs is a well-established wrought and rustic steel manufacturing company in the production of gates, fencing, chandeliers, balustrades, wall lights, lantern lights and many more. When you feel the need to make your space special, a competent and talented steel manufacturing company is one of the most important factors to consider.

Steel Art Designs provide our customers with ornamental work of the highest quality. We specialize in structural and ornamental steel. Our companies structure is well suited to the demands and challenges it faces in the steel manufacturing industry. Structures are also in place to ensure proper progress and quality of workmanship at all times.

Our well trained and skilled staff has been in the steel manufacturing industry for over 15 years and have the expertise and knowledge to provide our customers with service excellence and superb craftsmanship in the manufacturing of all types of steel products to suit our client's needs. Our creative and professional team ensures that every job big or small is of the highest quality.

Steel design projects are developed from the customer or architectural specifications, or it can be created by the individual for their own needs. We cater for interior and exterior designs and uses and our products have stood the test of time in design and quality.

We have structured our business to satisfy our clients and to gain a highly competitive edge in the steel production industry.
